Baroli Road, Aligarh

[www.alhidayacollege.com](http://www.alhidayacollege.com)

(Approved by NCTE, Govt. of India)

Affiliated to Dr. B. R. Ambedkar University, Agra

## About The Conference

Teacher education has undergone significant transformation in recent years; special programs have been initiated to attract the teachers from diverse professional and academic backgrounds in various disciplines. Teachers' education is now a more practical activity in schools and kindergartens, so the teachers' and their educators' professional knowledge is now receiving a burgeoning attention. The demand and the promise of high quality teaching and learning in higher education institutes as well as the equality and social justice, have an everlasting impact on teachers' education. Other changes are expected in the upcoming times. The aforesaid recent processes now require new and innovative perspectives for teachers' education emerging from researches, theories and practices.

Teachers' education inculcates the teaching skills, sound pedagogical theory and professional skills. It is the programme which is related to the development of teachers' proficiency in terms of their teaching and professional skills as well as competence which would help and strengthen them in meeting the requirements of profession and facing the challenges therein.

"The teacher is the most important element in any educational program. It is the teacher who is mainly responsible for the implementation of the educational process at any stage." as per the reports of the **NCTE (1998)** concerning quality of Secondary Teacher Education.

This Conference '**HORIZON OF TEACHER EDUCATION IN INDIA**' is dedicated in bringing together a significant number of diverse scholarly events for presentation in a program within the stipulated time period. The events will run for a considerable duration in the conference which will clearly depend upon the number and the length of presentations.

## Objectives of the Conference

**The main objectives of organizing this conference are enumerated below:**

- To bring together the leading academic scientists, researchers and research scholars for the sake of exchanging and sharing their experiences pertaining researches which have multifarious impact on all aspects of 'Teacher Education'.
- To equip the researchers, practitioners and educators with the premier interdisciplinary platform.
- To present and discuss the most recent innovations, trends, and concerns.
- To explain the meaning and nature of teacher education.
- To enumerate the objectives of teacher education in different streams.
- To explain the changing context of teacher education in the Indian scenario.
